Pearson VUE: 2020 and COVID-19 Response

COVID-19 Response

- Guided by principles of health, safety and welfare of employees and candidates
- Pearson's role during the pandemic – Safety, support of our clients, did not furlough employees, did not take Gov't assistance (deferring to companies/organizations in real need)

Test Centers

- Managing to local – and ever-changing – government regulations around social distancing & capacity

Essential Services

- The Conference was among our first *Essential Services Channel* testing programs

Moving forward/Looking Ahead

- Playbook is established: refined processes and communications are in place. We continue to monitor changing regulatory expectations and requirements jurisdiction by jurisdiction
